

Usability Testing & Iteration Report :

1.Preparation

- 1.Create a new client profile
- 2.Schedule a client meeting
- 3.Generate an invoice
- 4.Assign task to team members
- 5.Export monthly report

2.Remote Test

Sarah

The interface is simple, clean, and easy to navigate."

Rajesh

The layout is visually appealing, and the call-to-action is easy to find."

Emily

"The design is user-friendly, but adding more spacing between sections would improve readability."

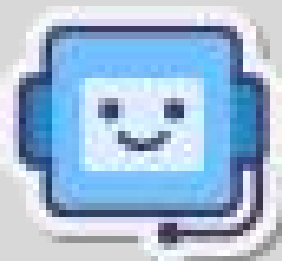

3.Design iteration & justification

Original

Manual customer

Iterated

Automated Management System

Justification: Faster response time and improved customer satisfaction.

Original

Spreadsheet sales tracking

Iterated

Real time sales dashboard

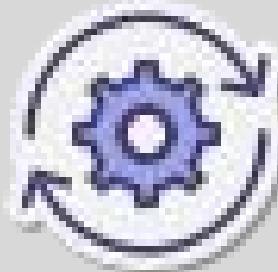

Justification : Better decision making with live business insights.

Original

Manual task assignment

Iterated

Automated task workflow

Justification : Increase team productivity and reduced delays.
